

Terra-Sorb® foliar

Foliar Fertiliser made of Amino Acids
obtained by Enzymatic Hydrolysis

Terra-Sorb® foliar

Guaranteed Analysis

Free Amino Acids.....	9.3 %	Boron (B).....	0.019 %
Total Amino Acids.....	12.0 %	Manganese (Mn).....	0.046 %
Total Nitrogen (N).....	2.1 %	Zinc (Zn).....	0.067 %

Application

Free Amino Acids of **Terra-Sorb®foliar** penetrate inside plant cells increasing their photosynthesis activity and chlorophyll content. Free Amino Acids also regulate many metabolic processes in plants.

It is recommended to apply **Terra-Sorb®foliar** whenever the crop needs a nutritional and physiological stimulation, such as:

- At shoot growth at the beginning of the crop cycle
- At pre-flowering and at petal drop
- During fruit growth

It is also recommended to apply **Terra-Sorb®foliar** whenever the crop is suffering from stress situations such as drought, cold, heat, salinity, asphyxia, etc...and as a recovery treatment after critical periods such as transplantation, hail, wind, etc...

Crops and Dosage

Terra-Sorb®foliar can be applied to all kinds of crops: Vegetables, Fruit trees, Citrus, Tropical crops, Olive trees, Grapes, Potato, Sugar Beet, Tobacco, Cotton, Cereals, Rice, Maize, Alfalfa, Ornamentals, etc...

Apply **Terra-Sorb®foliar** 2 to 4 times at 200-300 ml in 100 lt of water (or 2-3 lt/Ha) at the recommended moments.

Compatibility

Terra-Sorb®foliar can be tank mixed with commonly used pesticides, product growth regulators and fertilisers. When mixed with Copper compounds, Sulphur or mineral oils it is recommended to reduce the rate to 150 ml in 100 lt of water.

Notice for users

The recommendations and information provided are the result of extensive studies and tests carried out under strict conditions. However, a number of factors beyond our control (preparation of mixtures, application, weather conditions, etc.) may intervene in the use of this product. The company guarantees its composition, formulation and content. The user shall be liable for any damages caused (lack of effectiveness, general toxicity, waste, etc.) due to total or partial failure to follow the instructions on this label. Store in the original container and protect from extreme humidity and temperatures.
